

CONSTANT POWER SOLUTIONS (CPS) Ltd.

Environmental Policy

CONSTANT POWER SOLUTIONS (CPS) Ltd Policy.

CPS are striving to ensure every aspect of our business incorporates the principles of sustainability. This means we will strive for sustainability in our roles as a manufacturer of power providers, major employer, property owner, provider of services, and a significant purchaser within the local economy.

CPS recognises that managing the environmental impact of operations is essential. We as a company are committed to reducing greenhouse gas emissions and adapting to climate change, to ensure a strong and healthy society and achieve a sustainable economy. This means that we will respect the planet's resources, take a precautionary and polluter pays approach to preserve the environment for future generations.

CPS makes the following commitments both in respect of its own activities and, where appropriate, in its influence over the wider community:

1. To reduce our demand for natural resources and energy, to improve efficiency and to increase reliance on greener and renewable energy sources
2. To seek to minimise the waste produced from manufacturing activities, to recycle where possible
3. To continuously improve the sustainable management of our buildings, land and transport reducing the emission of air pollutants and greenhouse gases
4. To be mindful of the impacts of climate change of the delivery of our services and increase the resilience of our services to impacts such as flooding and heatwaves
5. To prevent environmental harm or pollution incidents at our sites by ensuring our working practices comply with all relevant legislation
6. To ensure that all staff are aware of our environmental standards and shared responsibilities and encourage improvement in our supply chains and partnership networks
7. Through wider policies to ensure high quality of new development through good design in Selby
8. To maintain continuous improvement by reviewing corporate policies and strategies to ensure integration of sustainable development principles and practices

To meet the commitments, CPS will:

- Use this policy as a framework for setting objectives and targets for environmental improvement
- Operate a procurement and contracting policy that conforms to these objectives
- Operate effective management of environmental impacts
- Communicate the requirements of this policy to all employees, suppliers and partners
- Make this policy publicly available and keep the public informed of its environmental performance
